PROFILE

I'm primarily a self-taught web developer based in Vancity, Canada. However, I also practice modeling and rigging with 3D visual effects software such as Maya in my free time. I LOVE playing video games and enjoying photography.

EDUCATION

Technical Artist

BCIT
2019-Present

Master Degree in Construction Management

University of Najaf Abad
2015-2017

Bachelor Degree in Civil Engineering

University of Khorasgan
2010-2014

CODING SKILLS

- HTML
- CSS
- JAVASCRIPT
- REACT
- MAYA
- PHOTOSHOP
- ILLUSTRATOR
- ADOBE XD

EXPERIENCE

Chef Helper

2019-Present | Pasta Polo

It was an entirely new experience for me to work at a restaurant, including being more organized and having a stronger desire to work as a team

Site Manager

2016-2019 | Karavaran Esfahan Inc

I learned how to plan things and organize activities as well as ensuring the plans meet budgets and timescales.

HSE Expert

2015-2016 | Arman Structures Inc

Safety comes first! that's the most valuable lesson I learned with this job. Now, I know how to inspect workplaces to ensure employees respecting health and safety regulations.

TECHNICAL SKILLS

Computer Technician

I have a comprehensive understanding of computer systems and hardware.

CCNA-LEVEL 1

I learned about Networking Fundamental, including Ethernet technologies, the TCP/IP protocol stack, IPv4 and IPv6 addressing, static and dynamic routing.

Lighting & Livestreaming

I know about video, lighting and livestreaming tech.
